Once complete, Consort Place will provide new homes, a hotel, a new pub, an education facility and public realm

West Tower mechanical and electrical roof plant completed

We are progressing well with the construction of Consort Place. In May, we completed the mechanical and electrical roof plant on the West Tower and began fitting out the hotel. In June, we will finalise the balcony works, while on the East Tower we will complete the concrete pouring of the tower core while continuing with façade installation and hotel fit-out.

Local people to help build Consort Place

We are working with Tower Hamlets Council to help provide jobs and apprenticeships to local people.
