Crane changes and apartment fit-outs

The construction of Consort Place continues to progress well. In July we did final West Tower roof works and began to dismantle the West Tower crane. We also continued with apartment fit-outs and façade installations across the site. In August we will complete West Tower crane dismantling and install the East Tower roof crane, as well as continue façade and fit-out work.

Local people to help build Consort Place

We are working with Tower Hamlets Council to help provide jobs and apprenticeships to local people.
