Construction update  
June/July 2023

# Consort Place

## Consort Place community newsletter

Our newsletters keep the community up to date with construction at Consort Place

Once complete, Consort Place will become a significant landmark in Canary Wharf

### East Tower reaches full height

The construction of Consort Place is progressing smoothly. In June, the crane lift on the East Tower reached its final height and apartment fit-out continued in both towers. In July, we will finish the balcony works on the West Tower and complete the East Tower core. We will also begin to take down the cranes on both towers while continuing with fit-out and roof works.

### Local people to help build Consort Place

We are working with Tower Hamlets Council to help provide jobs and apprenticeships to local people.
